

BROOKE HOUSE COLLEGE ENGLAND

EXCITING NEWS:

BROOKE HOUSE COLLEGE TO COVER HALF OF NEW VAT CHARGES FROM JANUARY 2025!

Dear Parents,

We are thrilled to announce that Brooke House College is stepping up to support our families amid the recent government-imposed VAT increases from January 2025.

Understanding the potential financial strain this may cause; the College will fund half of the additional VAT charges (10% of the expected 20% VAT increase) up to 31st August 2025. Fees from the 1st September 2025 will be shared with parents once the full VAT implications are understood post the announcement by the government on Monday, 29 July and once the consultation by the government has concluded (expected at the end of October 2024).

This initiative reflects our commitment to ensuring that our students continue to receive the highest quality education and football offer without adding the full government financial burdens to our parents' costs.

Thank you for your ongoing support and partnership with the College and together, we will continue to thrive and provide the best opportunities for our students.
